Judge Backs Picketing In an Unpopular Cause

By Leslie G. Whitten
Staff Reporter

Chief Judge John Lewis Smith Jr. of Municipal Court held yesterday that picketing in an unpopular cause is permissible provided pickets obey valid orders of police.

Judge Smith made the ruling in finding Roger C. Foss, 42, guilty of disorderly conduct and acquitting five other members of the tiny American Nazi Party, including self-styled "fuehrer" George Lincoln Rockwell, 42. Foss drew a $25 fine or 10 days.

...showed the group ...anti-... narrowly on whether disorderly acts occurred and pointed out that "experienced police officers who were present apparently saw no need to place any of the defendants except Ross under arrest."

Smith referred to the testimony of five businessmen who said they were fighting mad at the pickets who wore swastika armbands and khaki uniforms and carried placards saying "Kikes for Kennedy," "Nazis for Nixon."

STAFF SGT HONAKER leads pickets against Red spy.

Career Soldier, Daniel O. Honaker, with fifteen years of unblemished service in the U.S. Army, was given an Honorable discharge for the convenience of the government last month because of membership in the American Nazi Party. At first, Sgt. Honaker filed suit in the Federal court and was granted a temporary injunction against the the Army to show cause why he is being discharged.

Judge Leonard Walsh dismissed the suit on the grounds that the Dept. of the Army has the power to effect the discharge without any explanation.

SOUTH AFRICA

Bishop Ambrose Reeves of Johannesburg, South Africa, a left-wing liberal who used the church to spread his perverted ideas, was deported by the Nationalist Government for his subversive activities which were climaxed by a book he wrote entitled "The Agony of South Africa." In his book, Bishop Reeves intentionally misrepresented police action which was taken against hoardes of screaming black savages who were rioting for "freedom" in Sharpeville last march.

YUGOSLAVIA

The United States has pledged 100 million dollars to Yugoslavia in order to stabilize that country's currency and to bring the reds closer to the West, while our economy begins to topple, and unemployment rises to over four million.

GERMANY

The communist paper, the Worker, is urging its readers to wire the president to annul the appointment of one-time Nazi General Adolf Heusinger as chairman of the Permanent Military Committee of NATO. The appointment would require the General's presence in Washington.

NAZI UNDERGROUND GAINS IN STRUGGLE FOR FREEDOM

Because open espousal of National Socialism is against the law in Germany, anti-Communists have had to resort to other means in order to gain for themselves the right to freedom of speech. Thus, the German people have formed 'front' groups. The most recent one is the Union of Organizations loyal to the People. The group is headed by a former Hitler Youth organizer, Fredrich Klein.

Mr. John Pall. the International Secretary, has voluntarily returned to Canada. Deportation proceedings were initiated against him because of his participation in an anti-Kennedy picket line last November.

From the desk of

THE COMMANDER

The trooper on gun-watch called me out of my bunk at two o'clock in the morning, January 22, 1961. "Australia on the phone!" he shouted.

Half-asleep, I heard the operator say "Go ahead, Australia!", -then, "Hello! This is Arthur Smith, leader of the Nationalist Worker's Party in Australia. We've just held a national convention here in Sydney. . ."

His voice was charged with excitement, and electrified me awake.

"Commander Rockwell," continued Smith, "we want you to know that in spite of all the filthy smears about you and your American Nazi Party, we support you all the way! We want to sponsor your visit to Australia this spring, and hold the World Congress of National Socialists here!"

NWP Secretary Graeme Royce, the first International member of WUFENS, who had joined more than a year ago, was with Party Leader Smith, and spoke to me of the determination of our Party Comrades in Australia to stand four-square with those of us in Iceland, Denmark,and America who have defiantly flung the glorious Swastika banner of Adolf Hitler into the sky for the final battle to the death with the Jewish-Marxist race-poisoners.

They were so charged with excitement that they talked over the tens of thousands of miles to the other side of the world for more than ten minutes, at what must have been enormous expense! They ordered four thousand copies of the National Socialist Bulletin, and sent me a confirming cable in the morning, sponsoring the World Nazi Congress in Australia and my visit down under.

It was the most thrilling phone conversation of my life, not because of the distance, --I have talked with Graeme Royce in Australia and other Party Leaders in other Countries of the globe before, --but because it was dramatic, smashing proof that the WHITE MAN WILL NOT DIE! Adolf Hitler's miraculous battle for the White Elite, for which I personally have suffered so much and fought so hard for more than ten years, is the mightiest spiritual force on this earth today, in spite of the terror machinery of the Jews, and is rising from the ashes and agony of Berlin and Nurnburg to world power!

With America, Iceland, Denmark, -and now Australia, openly fighting for the White Elite under the beautiful banner of Adolf Hitler, England and Sweden will not be long in joining. One by one the little geographical bunches of White Men in their "nationalist" cells will come forth to join the WORLD ARMY of the Aryan Elite and fling the Jew and Negroid pygmies who have been torturing us for so long about like a wolf shaking off a pack of rats! The White Man has been losing not because the Jews are so brave and clever, but because we have been divided and fighting each other!

The day of petty divisions of the White Man are OVER! "State's Rights" and "Nationalism" must give way before the world-conquering power of the WHITE RACE! From America, Iceland, Denmark and Australia, the Jews already can hear the growing sound of marching Nazi boots! Stronger and stronger will grow the marching beat as the National Socialist Comrades rise and join from all over the planet, until one fine day our tragically persecuted German brothers will be able to rise and join us! We must take care, in our enthusiasm, that this does not happen prematurely, which would be fatal. But happen it will, -and when it DOES, even the Devil won't be able to save the Jew traitors and torturers from the just wrath of their millions of victims.

When the German giant can stand with us, the day of total victory will not be far off! These mighty fighters almost won with all the rest of their brainwashed brothers, -(tragically including me) -fighting them all over the world. When our WORLD ORGANIZATION is able not only to prevent the Jews from organizing the world AGAINST the White Elite in Germany, but able to get the rest of the White world to stand WITH THEM, as they should always have done, the day of the Jew will be OVER.

Be grateful, White Man, for the courage of our Party Comrades in Australia! Be inspired by their selfless, heroic example, and let the Jews hear the sound of the Nazi boot in YOUR country! To HELL with the Jewish Marxist traitors and their terror! DIE FAHNE HOCH!!! Raise that beautiful swastika banner of the Leader, Adolf Hitler, and watch the rats scramble for the ancient, filthy holes whence they crawled!

Heil Hitler!

American Nazi Sit-in Triumph

Nine Storm Troopers, led by the Commander, staged a successful 'Nazi sit-in' demonstration at the 'Zebra Room' restaurant which is located at 3238 Wisconsin Avenue, in Washington. The sit-in demonstration came about as a result of the proprietor's refusal to serve the Commander earlier in the day.

Returning that same evening with Storm Troopers and law books, The Commander took up the largest table and began demanding service. The proprietor (Jewish), having no doubt been made aware of the laws and regulations of the District of Columbia, quickly motioned to waiters, who wasted no time in serving the Commander and his troops.

PARTY OFFICERS FILE COMPLAINT

On December 30, 1960, five party members filed suit in Federal Court against Interior Department officials,District of Columbia officials,and three officials of the Anti-Defamation League. The suit is a 'Complaint for Conspiracy, False Arrest, and Deprivation of Civil Constitutional Rights under Title 42, Sections 1981 through 1986, U.S. Code: Motion for Temporary Restraining Order and to show cause for Permanent Injunction; and motion for a Mandatory Injunction.

In the Complaint, the party members state that they have been denied their right to freedom of speech; have been falsely arrested; have been made to appear as criminals and insane persons;and have been the victims of a conspiracy which sought to deprive them of their constitutional rights.

The five members are Commander Rockwell, Major Morgan, Captain Colton, Lt. Foss, and Lt. Patler.

DEBATE ON UNIVERSITY TV

THE COMMANDER held a two hour debate with five students of American University over the Campus TV network last month. The Commander spoke about his program for America. The students became so absorbed, that the Commander continued speaking far after the debate went off the screens.

When the advance troop arrived at Logan Airport in Boston, ADL Spy and lecturer Gordon Hall was on hand to take pictures of the Commander.

When we attempted to photograph him, he ran!! We chased after him and cornered him against a wall where the above photo was taken.

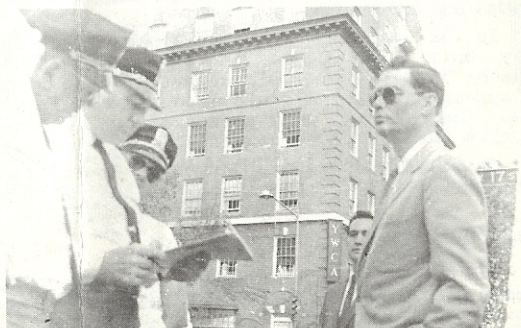
COURT VICTORY *in Kennedy picket case*

On December 16, 1960, Chief Judge John L. Smith Jr., of Municipal Court held that Commander Rockwell and four of his Storm Troopers were not guilty of disorderly conduct when they picketed Kennedy headquarters in Washington.

Judge Smith's decision came after hearing two hours of testimony from Storm Troopers, police and other witnesses. The Storm Troopers were all charged with disorderly conduct while picketing in front of Kennedy headquarters last November.

Police acted after several Jewish businessmen protested and informed police that they would take things into their own hands if the picketing was not stopped.

Police ordered the troops to stop picketing. All obeyed except Lieut. Foss who remained to test the constitutionality of the order. He was fined.



COMMANDER ROCKWELL listens as police read orders instructing him to cease picketing.

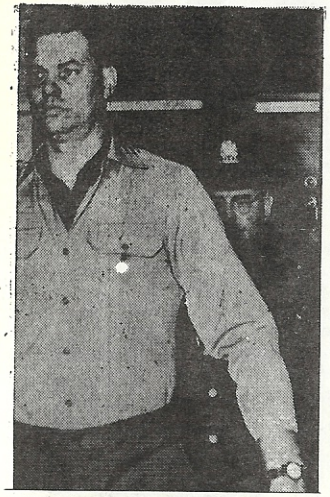
RIOT IN BOSTON!

EYE-WITNESS REPORT

PART OF MOB that rioted outside of theatre showing Red film Exodus.

THE BRAVE STAND ALONE

(The following are excerpts from an eye-witness report delivered at a party meeting one week after the riot.)



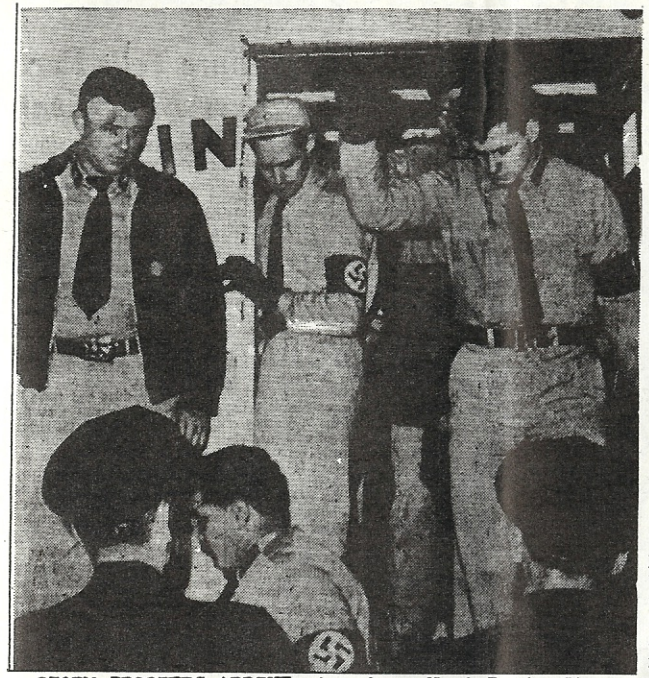
THE COMMANDER enters room for mass news conference.

...on Sunday afternoon a huge mob began to gather outside the theatre showing Exodus. We observed the mob from our hotel room which was located across the street, six stories above....

...three hours before the picket, we lost telephone contact with the truck load of troopers who were driving all the way up from Virginia...

...two o'clock was the scheduled hour of our appearance for the picketing. Time was running out and still no word from the troops in the truck. We could only guess they had been intercepted by the police. We looked out of the window of our hotel room...the crowd was increasing to huge and menacing proportions every minute.

....The Commander was faced with an enormous decision..before the four faithful storm troopers who had accompanied him up to Boston in advance of the full troop, The Commander displayed the intrepidity and genius that he always demonstrated when confronted by unsurmountable obstacles...he announced to us that HE WOULD GO DOWN INTO THE STREET AND FACE THE HOWLING MOB HIMSELF!



STORM TROOPERS ARRIVE- American Nazi Party Storm troopers jump out of rear of truck upon arriving at Police Headquarters in Boston, Massachusettes

INTO THE CROWD

...we left the hotel room, the Commander leading us, right out into the street. He pushed his way through the teeming thousands...

..stopping only when he reached the front of the theatre. Once there, the Commander took off his coat and displayed himself in full Nazi uniform.

He asked a police officer where he should picket, The police officer, not facing the Commander, thus being unable to recognize him, blurted out: "across the street!"

....across the street were thousands of Jews..... picketing, screaming and threatening violence. The Commander took one look at the huge mob and marched straight across the street into the hoarde of Jews.

The four troopers who were with him quickly followed.

SURROUNDED

.....before we knew it, we were surrounded. Jews were shouting, punching, and kicking. The Cmdr., and troopers were engaged in fist fights...Jews were pulling and grabbing...pouring in from all sides. Police were battling the mob of Jews with night sticks.... ....mounted police were galloping through the crowd pulling Jews away and clubbing others....pears and eggs were being thrown striking both police and rioting Jews.

....the pressure of the mass of people concentrated in that one area was almost unbearable..

Police moved in and formed a cordon around the Commander.... pulling him out of the fight. The Commander and troopers were then taken to police headquarters.

En route to Police headquarters, the Commander's armband, necktie, belt and Naval war decorations were taken by the police. The mob did not rip off his armband, as newspapers falsely reported....

While the Commander was being taken to Police Headqtrs, the truck load of troopers, who had driven from Virginia, all the way up to Boston in the bitter cold, arrived on the scene. They were escorted to Police Headquarters, where the Commander was giving a mass news conference....

We left Boston with a solemn promise: **WE WILL RETURN!**

HORST WESSEL LIVES AGAIN!

Thirty-one years ago, on February 23, 1930, one of Adolf Hitler's Storm Troopers, lost his life during a brutal street fight with communists in Berlin. The Storm Trooper's name was HORST WESSEL. Because of his supreme sacrifice, Horst Wessel became a national hero and martyr of the National Socialist Movement in Germany. The famous Horst Wessel marching song was written and sung in honor of the courageous youth who died at the age of twenty-three.

And now, after more than three decades, his heroic spirit lives again.

On the evening of December 4, 1960 Lieutenant Patler's wife gave birth to a nine pound seven ounce baby boy. That same evening, during a party meeting, Lt. Patler proudly announced the birth of his son and the name he had given him: HORST WESSEL PATLER!
